Subject: RE: Proposed meeting for Byron with GM

Thanks David.

I am very comfortable with the team getting with GM this week. You guys can then update me at your convenience. If that won't work, then we need to look at the week of July 11. I am planning to be out of the office on the July 11 but will be in the rest of the week.

Thanks,

Byron

Subject: RE: Proposed meeting for Byron with GM

Dave Garrett indicated that GM still does their company-wide shut down during the 1st week of July, so, GM will not be available next week. In addition, Linc and I will be out of the office next week as well.

Dave Garrett also indicated that he would like to come in and discuss the Sonic label and the review GM performed which identified the current issue. He and I agreed that this was not as pressing as the diesel question and could wait until the week of July 11th.

Let me know if I should contact Dave and let him know that this week will not work for the Cruze Diesel review and that should also be pushed back to July 11th.

Regards,

David

Thanks David.

Unfortunately, I can't do it this week. Can we look for a time next week?

Thanks,

Byron

Subject: Proposed meeting for Byron with GM

Theresa,

GM management would like to meet with EPA to discuss the emission performance of their diesel Cruze, they have indicated they are available either on Wednesday afternoon or late Thursday morning. This is in response to a request Byron made to GM. \

Thanks,

David
